

**KING'S LYNN CONSERVANCY BOARD.**

Notice to Mariners No. 35/2017.

East Coast of England - The Wash

Approaches to King's Lynn.

UKD "Cherry Sand" Dredging Disposal West Stones Disposal site HU143.

BA1200

Mariners are advised that from the pm tide 15<sup>th</sup> October 2017 through until the pm tide 25<sup>th</sup> October 2017, UKD Vessel "Cherry Sand" will be carrying out maintenance dredging for the safety of shipping within the enclosed Docks King's Lynn.

Each operational tide the "Cherry Sand" will depart King's Lynn Docks about 1 hour to High water and proceed to the disposal area in the vicinity of the West Stones Beacon (52° 49.7'N 000° 21.1'E). The dredged material will be deposited at about High Water. The vessel will then return to King's Lynn Docks about 30 minutes after high water.

Mariners are requested to keep clear when the vessel is arriving and departing the Docks and on the disposal area as the vessel will be restricted in its ability to manoeuvre, and to navigate with caution whilst these works are taking place.

The "Cherry Sand" will monitor VHF channel 14.
