

**KING'S LYNN CONSERVANCY BOARD.**

**Notice to Mariners No. 28 / 2021**

**East Coast of England - The Wash**

**Approaches to the Wash**

**Roaring Middle Light Float, temporary replacement**

Mariners are advised that on or about about 16<sup>th</sup> September 2021 the Roaring Middle light float at position, 52° 58.640' N 00° 21.080' E, will be removed from station for maintenance.

A Safe Water Mark can buoy, L.FI 10s, will be established close to the above position whilst light float is off station. The SWM buoy will have a reduced light range of 5 Miles.

All works will be undertaken by buoying vessel "St Edmund", and mariners are requested to keep clear and pass at reduced speed whilst works are taking place.

Please contact the Harbour Office for further information.

15<sup>th</sup> September 2021
