

KING'S LYNN CONSERVANCY BOARD.

Notice to Mariners No.07 /2026

East Coast of England – The Wash

Approaches to Kings Lynn – Allowance on Draught.

For a vessel to be considered suitable for transiting the approach channel to King's Lynn, the following allowances must be added to the vessels draught and the total must not be greater than the predicted High water* height for a given tide. **The latest Surge data may affect the maximum permissible draught on specific tides.** It should be noted that if the tide fails to reach prediction, then in the interests of safety the intended transit may be delayed until sufficient tidal height is achieved.

*Based on published tidal predictions from KLCB, Datum King's Lynn Dock Sill, which is 0.74 metre below Chart Datum.

Vessels maximum draught 6.0 metres from Riverside Quay, subject to prior consultation and approval.

For Vessels to Riverside Quay.
